

Imagine what you could do here. At Apple, new ideas have a way of becoming extraordinary products, services, and customer experiences very quickly. Bring passion and dedication to your job and there's no telling what you could accomplish. Dynamic, thoughtful people and inspiring, innovative technologies are the norm here. The people who work here have reinvented entire industries with Apple Hardware products. The same passion for innovation that goes into our products also applies to our practices - strengthening our commitment to leave the world better than we found it. Join us to help deliver the next groundbreaking Apple product. Do you love working on challenges that no one has solved yet? As a member of our dynamic group, you will have the unrivaled and rewarding opportunity to craft upcoming products that will delight and inspire millions of Apple's customers every single day.

As part of Battery Cell Engineering team, you will be expected to design and carry out experiments, investigate the data and understand the science behind it. Focus is on the science and technology related to battery materials.

#### **Key Qualifications:**

- Key knowledge of materials science and electrochemistry relevant to battery materials
- Knowledge and preferably hands-on experience in synthesis, characterization, and evaluation of battery materials
- Motivated with strong planning skills and attention to details, able to work independently and in a team-oriented collaborative environment

#### **Responsibilities include:**

- Design and conduct experiments, acquire and interpret analytical and electrochemical data and prepare reports
- Determine the best techniques and most effective paths to attain the desired outcome to meet goals
- Interface and optimally collaborate with other engineering teams

#### **Education:**

Pursuing graduate degree in Materials Science, Chemistry or related field

**Apple Benefits & EEO:** Apple's most important resource, our soul, is our people. Apple benefits help further the well-being of our employees and their families in meaningful ways! No matter where you work at Apple, you can take advantage of our health and wellness resources and time-away programs. We're proud to provide stock grants to employees at all levels of the company, and we also give employees the option to buy Apple stock at a discount — both offer everyone at Apple the chance to share in the company's success. You'll discover many more benefits of working at Apple, such as programs that match your charitable contributions, reimburse you for continuing your

education and give you special employee pricing on Apple products. Apple benefits programs vary by country and are subject to eligibility requirements.

Apple is an equal opportunity employer that is committed to inclusion and diversity. We take affirmative action to ensure equal opportunity for all applicants without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, Veteran status, or other legally protected characteristics. Apple is committed to working with and providing reasonable accommodation to applicants with physical and mental disabilities. Apple is a drug-free workplace
